## ANTONY GORMLEY

Antony Gormley is widely acclaimed for his sculptures, installations and public artworks that investigate the relationship of the human body to space. His work has developed the potential opened up by sculpture since the 1960s through a critical engagement with both his own body and those of others in a way that confronts fundamental questions of where human beings stand in relation to nature and the cosmos. Gormley continually tries to identify the space of art as a place of becoming in which new behaviours, thoughts and feelings can arise.

Gormley was awarded the Turner Prize in 1994, the South Bank Prize for Visual Art in 1999, the Bernhard Heiliger Award for Sculpture in 2007, the Obayashi Prize in 2012 and the Praemium Imperiale in 2013. In 1997 he was made an Officer of the British Empire, and a knight in the 2014 New Year's Honours list. In 2025 he was appointed a Companion of Honour for his services to art in the King's Birthday Honours list. He is an Honorary Fellow of the Royal Institute of British Architects, an Honorary Doctor of the University of Cambridge and a Fellow of Trinity and Jesus Colleges, Cambridge. Gormley has been a Royal Academician since 2003.

Antony Gormley was born in London in 1950.
